Progress Report for All Open Spaces – 28/02/2022

CANVEY LAKE

- Issues with night fishing and anti-social behaviour call 101 and the home office code 116/11 for reporting 'Theft of Fishing' to help with the issues at the weekends.
- We are still awaiting a date from the Woodland Officer for the installation of the 40 new trees.
- We are relocating one of the health and safety signs to Denham Road and will be designing a new one for the top of Link Road.
- Leak found at Vadsoe Road is coming from a drain owned by Anglian Water Ref: 21296386. This is being investigated, blockage has been found and a tanker arranged to push blockage through on Saturday 19th February. Photos attached. Further query made by Anglian Water on 21st February advising that the blockage is due to silt and reeds from the lake as the pipes lay below the water level. Investigations ongoing to prevent further flooding of surrounding area.
- Tree audit has been completed and I've been out with the contractor to look at the issues raised. No trees require removal just general maintenance works such as suckers around the bottom of trees.

PLAYGROUND

- Pinnacle will repair play unit at the same time as the annual ROSPA inspection.

BAND STAND

- Nothing to report

WILDFLOWER MEADOW

- Nothing to report

MEMORIAL GARDENS

- Perspex and outer metal lining from two of the information boards have been blown out by the strong winds.

TIDAL POOL

- 4 joints at the pool have been replaced.

ALL HEALTH AND SAFETY REPORTS ARE UP TO DATE FOR ALL OUR OPEN SPACES.
