The Community Micro-enterprise Project Directory

May 2026 edition

The Community Micro-enterprise Project Directory

What is a Community Micro-enterprise?

A Community Micro-enterprise is a small, local business, that offers a service to support:

- **Older people**
- **People with a disability**
- **People that want to improve their mental health & wellbeing**

A Community Micro-enterprise gives you more choice about your care as it offers something different to traditional support services. They can offer a wide variety of support to help meet your needs:

- **Support at home - personal care, meals, cleaning, shopping, running errands**
- **Support you getting out and about in your community - activities, hobbies, therapies, learning new skills, day services, peer support.**

Community Micro-enterprises are flexible and personalised to help fit around what you want and need.

What to do if you would like to use a Community Micro-enterprise

As you are organising your own care and support independently, without us doing this for you, it is very important to:

- **know exactly what it is you want from the service you are paying for.**
- **know about the Community Micro-enterprise you would like to use.**

Our checklist can help you think about what to consider.

Checklist

Firstly, you need to have a clear idea of:

- **what support you need**
- **how you want it**
- **when you want it**

Secondly, you need to get to know the Community Micro-enterprise. Always make sure that your Community Micro-enterprise has the basics:

- **A Disclosure and Barring Service (DBS) Check**
- **Insurance**
- **Safeguarding Training**
- **Business Registration**

Other things to think about

Depending on what support service you need, here is a list of other things you may need to think about when looking into the Community Micro-enterprise you are interested in using.

- Specific training
- Policies & procedures
- Risk assessments
- Terms and conditions
- Invoicing information

I am a highly experienced Holistic Wellbeing Therapist, EMDR Practitioner and Integrative Coach, supporting **children, young people and adults** to improve emotional wellbeing, build resilience and unlock their potential at every stage of life. I support people to manage trauma and adverse experiences, anxiety, navigating change and increasing confidence and self-believe. With a strong foundation in psychology, counselling and mental health, and over 30 years' experience, I offer a compassionate, evidence-based and person-centred approach tailored to each individual's needs. I'm based in **Brentwood** and offer online and in person sessions.
